## **OFFICE OF PETITIONS**

Attn: Karen Creasy

## **RESPONSE TO DECISION ON PETITION**

This paper is filed responsive to the decision mailed 21 January 2004, a copy of which is attached. As it is mailed within one month of the decision (February 21 having occurred on a Saturday), it is believed to be timely filed.

Although the decision dismisses the petition as moot, due to issuance of the patent, applicant notes for the record that the procedure followed in this matter is consistent with the procedure disseminated on 2 February 2004 as "Revised Procedures for Papers Requiring Immediate Attention" by Stephen G. Kunin, a copy of which is attached.

It is understood from the decision on petition that the instant attempt to make a late claim of priority on US appln Ser. No. 09/705,056, filed on 2 November 2000, and now abandoned, may be achieved by submitting a certificate of correction and the appropriate fee. Accordingly, the certificate of correction is attached and the fee may be charged to Deposit Account 15-0450. It is believed that all additional paperwork necessary for entry of the priority claim was provided in the papers accompanying the petition in December 2003.

Please contact the undersigned attorney at 330/864-5550 if there are any questions on this matter.

Respecifuly submitted,

Stephen L. Grant

OFFICE OF PETITIONS

COPY MAILED  
JAN 21 2004 ✓  
OFFICE OF PETITIONS  
ON PETITION

This is a decision on the petition, filed December 4, 2003, under 37 CFR 1.313(c)(2) to withdraw the above-identified application from issue after payment of the issue fee. This application issued into Patent No. 6,659,016 on December 9, 2003.

The petition is DISMISSED as moot.

Unfortunately, the petition reached the appropriate official for decision after the patent issued on the above-identified application.<sup>1</sup> The inconvenience caused petitioner in this matter is sincerely regretted.

The Request for Continued Examination (RCE) submitted with the petition is not effective and will not be entered since the petition to withdraw from issue is dismissed.

Petitioner's attention is also directed to 37 CFR 1.313(d), which states: A petition under this section [37 CFR 1.313(c)] will not be effective to withdraw the application from issue unless it is actually received and granted by the appropriate officials before the date of issue."

A decision on the petition under 37 CFR 1.78(a)(3) will be held in abeyance pending submission of a certificate of correction and \$100 fee therefor. In this regard, petitioner's attention is directed to MPEP 1481.

Applicant is given ONE (1) MONTH from the mail date of this decision to reply to the above.

<sup>1</sup> The instant petition and application file was received in the Office of Petitions on January 13, 2004 (after issuance of the instant application into a patent), the deciding official for petitions to withdraw from issue after payment of the issue fee under 37 CFR 1.313(c).

Application No. 09/804,406

**REVISED PROCEDURES FOR PAPERS REQUIRING IMMEDIATE ATTENTION**

On October 28, 2003 the Office published new procedures for the centralized delivery of documents (see *Centralized Delivery and Facsimile Transmission Requirements for Patent Application Related Correspondence*, 1275 Off. Gaz. Pat. Office 200 (Oct. 28, 2003)).

To facilitate processing of certain papers requiring immediate attention, Section B. of the above-mentioned Official Gazette notice is revised as follows:

**B. Papers Requiring Immediate Office Attention (Hand-carried and Facsimile Transmissions)**

Applicants are advised and encouraged to follow the directions below for the listed, and only the listed, document types. Special procedures will be followed for these documents after submission. No special marking of these documents is required, notwithstanding a statement to the contrary in the above-mentioned Official Gazette notice.

1. Petitions for express abandonment to avoid publication under 37 CFR 1.138(c).
  - a. The applicant may mail the petition to Mail Stop PGPub-ABD.
  - b. The applicant may transmit the petition by facsimile directly to the Pre-Grant Publication Division at 703-305-8568.
  - c. The applicant may hand-carry the petition to the Pre-Grant Publication Division at 2231 Crystal Drive, Room 905, Arlington, VA 22202.

Because a petition under 37 CFR 1.138(c) will not stop publication of the application unless it is recognized and acted on by the Pre-Grant Publication Division in sufficient time to avoid publication, the applicant should use either method (b) or method (c) in all instances where the projected publication date is less than 3 months from the date of the petition. All submissions under 37 CFR 1.138(c) should be made at least 4 weeks prior to the projected publication date.

2. Petitions to withdraw an application from issue under 37 CFR 1.313(c).
  - a. The applicant may mail the petition to Mail Stop Petitions.
  - b. The applicant may transmit the petition by facsimile to the Central Facsimile Number (703) 872-9306.
  - c. The applicant may hand-carry the petition to the Office of Petitions, Crystal Plaza 4, at 2201 South Clark Place, Room 3C23, Arlington, VA 22202.

Applicants are strongly advised to hand-carry the petition to the Office of Petitions to allow sufficient time to process the petition and if the petition can be granted, withdraw the application from issue. While a petition to withdraw an application from issue may be granted as late as 1 day prior to patent issue date, to avoid publication and dissemination, the petition decision must be granted at least 3 weeks prior to the issue date.

3. Request for Expedited Examination of a design application (Rocket Docket).

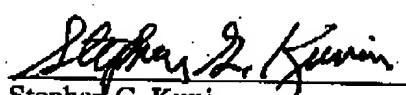

- a. The procedures of 37 CFR 1.155 and elaborated upon in MPEP 1504.30 should be followed.
- b. In brief, design patent applicants seeking expedited examination may file a design application in the Office together with a corresponding request under 37 CFR 1.155 by hand-delivering the application papers and the request directly to the Design Technology Center (TC) Director's office. The address of the Director's Office is changing in mid 2004, so phone the Office of the Director of TC 2900 just before hand submitting the application. The phone number will be changing also, but will be available on the USPTO web site, [www.uspto.gov](http://www.uspto.gov). For applicants who choose to file a design application and the corresponding request under 37 CFR 1.155 by mail, the envelope should be addressed to:

Mail Stop Expedited Design  
Commissioner for Patents  
P.O. Box 1450  
Alexandria VA, 22313-1450

These procedures will help assure that these time-critical documents will be considered in time for processing. All other documents submissions should follow the procedures listed in the referenced publication *Centralized Delivery and Facsimile Transmission Requirements for Patent Application Related Correspondence*, 1275 Off. Gaz. Pat. Office 200 (Oct. 28, 2003).

For further information on a petition or design patent application, contact the office to which the petition was addressed. For information on this notice, contact Jay Lucas at [Jay.Lucas@uspto.gov](mailto:Jay.Lucas@uspto.gov) or Michael Lewis at [Michael.Lewis@uspto.gov](mailto:Michael.Lewis@uspto.gov).
